Machine specifications

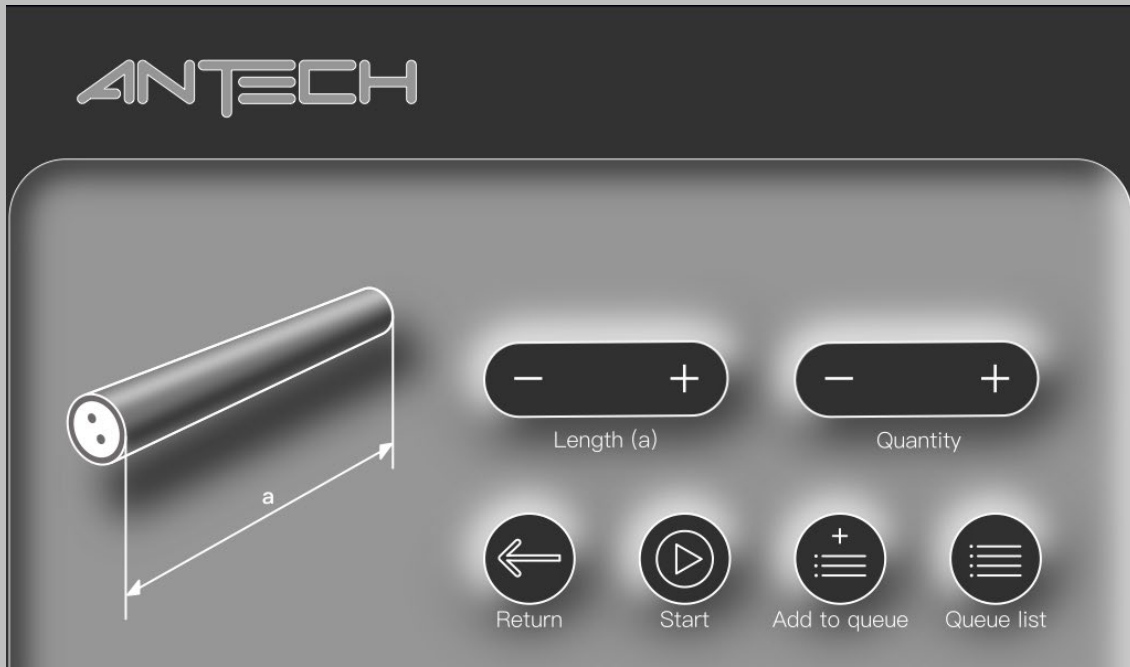

Model: CS-1100

Model	CS-1100
Machine dimensions (mm)	1100 (L) x 600 (W) x 1424 (H)
Supported cable diameter (mm)	3mm – 8mm
Weight	+/- 300 kg
Spool holder (optional)	Custom to spool size
Product collector (optional)	Custom to product length and volume
Straightening method	Rotary straightener
Cable feeding method	2* rubber timing belt
Cutting method	disc
Extraction unit	External (included)
Machine control	Touch-screen LCD
Power voltage	230V @50Hz
Communication port	USB (network: optional)
Safety certification	CE
